

Do You Want MORE Business & A Better Life?

Martin Wales helps you get customers “until you beg him to stop!”

If you've been looking to attract more clients and increase your income using the most effective and affordable ideas today, then you have to meet Martin Wales.

You're sure to benefit from his powerful combination of marketing and communications to elevate your credibility and increase your revenues both online and off.

See how a few simple changes bring you **immediate and impressive results**, whether you have a traditional offline business or a pure online presence. Using the right approach, you're guaranteed to increase your sales and profits today!

Martin's company, **Customer Catcher Communications**, was selected as a **Bull Marketer** by Seth Godin, well-known author of *Permission Marketing*, recognizing providers of unique and outstanding marketing for their clients. Martin's online media & publicity expertise is featured in *The Success Secrets of the Online Marketing Superstars*, a #1 Best Seller on Amazon. You'll also find him in *Walking With The Wise Entrepreneur* along with coauthors Suze Orman, Robert Kiyosaki, T Harv Eker, Harvey Mackay and Donald Trump.

Martin is a respected author, columnist, talk-radio and TV personality. He's the host of Microsoft's *Your Business* talk radio show and former host of the *Entrepreneur Magazine E-Biz Show* and *Customer Catcher Radio*. His advice and guidance was featured in *Business Break* and *Catching Customers* on network television.

Martin's not just a media personality – he's well versed in sales and business development and continues his work as an author, advisor and consultant. He started out a salesman and achieved his way to VP Marketing of a \$26 million communications technology firm within four short years. Since then, through his private consulting and coaching practice, he has handled and succeeded with budgets both large and small.

Martin has helped thousands of entrepreneurs, business owners and independent professionals like you. His expertise is published internationally and in MBA programs. Media from national newspapers to leading business magazines seek his insights on today's hottest topics.
